

## QUALITY POLICY

Our team is committed to high quality machining, welding, and repair of customer specified oil and gas products to our existing and growing customer base, in an accurate and timely manner. We commit to satisfy all customer, ISO 9001:2015, API Q1 and other applicable requirements, while striving for continual improvement of processes to attain 100% customer satisfaction and retention.

**Strategic direction:** Machining, Weld, and Repair

**Purpose:** To Support Customer Specified Products in Oil and Gas while Maintaining and Gaining Additional market share

**Context:** Beat out the competition on quality, not price

**Basis:** 100% Customer Satisfaction and Retention via continual improvement of process

A handwritten signature in black ink, appearing to read 'Larry Kniejski'. The signature is fluid and cursive, with a large initial 'L'.

Larry Kniejski

Vice President and General Manager
